

Complete IF you are a student and will be transporting additional students.

The Field Trip Driver's License and Vehicle Insurance Information must be for the driver of the vehicle transporting the student attending the field trip.

AGE 16 & 17 DRIVER CERTIFICATION

Virginia law provides the following restrictions on drivers aged 16 & 17:

1. During the first calendar year of licensure, the teen driver may have only ONE passenger in the car they are driving unless the passengers are family members. A calendar year would be from when a student earns his driver's license at 16 years 3 months until 17 years 3 months. If the student did not earn their license until later than 16 years 3 months, the calendar year rule still applies. For example, if a student earned his license at 16 years 6 months, he/she could not carry more passengers until 17 years 6 months.
2. After that calendar year, the student may carry no more than THREE passengers unless they are family members.
3. Once a student turns 18, he/she can carry as many passengers in his/her vehicle that can be transported safely (i.e. safety belts available for each passenger).

Please certify the following:

() I certify that I am in my first year of licensure, having received my license on _____ . I agree to follow condition #1, above. (Indicate month-day-year of licensure)

() I certify that I am in my second year of licensure, having received my license on _____ . I agree to follow condition #2, above. (Indicate original month-day-year of licensure.)

() I certify that I am eighteen years of age and agree to follow condition #3, above.

Signatures:

Driver: _____ Date: _____

Parent: _____ Date: _____

(Required only if student is under age 18)
